2. SPECrate2017_int_base (same performance envelope): #36223, and 36691, and power values estimated via HPE Power Advisor.

3. SPECrate2017_int_base: #20893, 36218, 37007, 37004 and pricing April/June 2023.

4. SPECpower_ssj 2008 (at 100% utilization): #1273 and 1274.

HPE SMB Promotional Offers

Now Launching HPE Smart Choice Purchase Program

Get fast quotes and expedited shipping with immediate pricing on popular fully configured products, know the best price instantly. Because the units are fully configured and ready to ship, get fast delivery and easy integration.

Benefits of HPE Smart Choice

- Fully configured server and storage solutions on the most popular SKUs
- Best priced channel stocking offer
- Quote in minutes and seal the deal fast!
- Beat the competition with next day shipping¹

HPE Smart Choice Tower SKUs

HPE ML30 Gen11 SKU: P71385-425 Ideal for a small database solution  Intel Xeon E-2414 2.6Ghz 4-core Form Factor: Tower 4 LFF RAM: 1 x 32GB DDR5 Drive: 2 x 1TB SATA Power Supply: 1 x 350W	HPE ML30 Gen11 SKU: P71387-425 Ideal for a small database solution  Intel Xeon E-2434 3.4Ghz 4-core Form Factor: Tower 8 SFF RAM: 1 x 32GB DDR5 Drive: 2 x 480GB SATA SSD Power Supply: 1 x 800W	HPE ProLiant ML30 Gen11 SKU: P81773-425 Ideal for a small database solution  Intel Xeon E-2436 2.9Ghz 6c 1P Form Factor: Tower 4U RAM: 1 x 32GB DDR5 Drive: 2x480GB SSD Power Supply: 2 x 800W	HPE ML110 Gen11 SKU: P71659-425 Ideal for up to 10 Virtual Machines with the SMB Solutions for Virtualization  Intel Xeon-Silver 4510 2.4Ghz 12-core Form Factor: Tower 8 SFF RAM: 2 x 32GB DDR5 Drive: 2 x 480GB SATA SSD Power Supply: 2 x 1000W Adapter: MR408i-o Controller

Chassis intrusion monitoring and iLO reporting occur as long as the server is plugged in, regardless of the server power state.</p> <p>Bezel Lock: helps prevent unauthorized physical access to the front panel components</p> <p>TPM2.0 module: The HPE Trusted Platform Module (TPM) works with programs such as Microsoft Windows® BitLocker™ to increase data security by storing the encryption startup key in hardware on the server, which provides a more secure environment by pairing the drive to the server. Pairing the drive to the server helps prevent the encrypted drive from being read if inserted in a different server.</p> <p>Learn what sets HPE ProLiant apart from the competition →</p>	

HPE Smart Choice Storage LTO Tape Solutions

HPE Smart Choice Storage LTO Tape Solutions: a green approach to data capacity, security and cost concerns

What is HPE Storage LTO Tape?

For twenty five years, HPE Storage LTO tape solutions have been offering customers low cost, scalable and highly secure storage for their backup and archive data. Because tape media is removable, huge amounts of data can be stored offline, reducing the cost of energy and carbon emissions associated with storing that information.

Why Choose HPE Storage Tape Solutions

The value of HPE Storage tape can be summed up in four key areas – the Four S's:

- Scalability** – HPE tape systems offer ultra high density and the ability to grow and expand with your business.
- Security** – Use HPE tape drives and libraries to create a true physical air gap so that cybercriminals cannot hack into, or erase, your data.
- Savings** – HPE tape systems offer the lowest CAPEX or OPEX cost per TB for longer term archiving of essential, but less frequently accessed, data.
- Sustainability** – LTO tape technology delivers the lowest energy and emissions footprint for longer term archiving of business data.

HPE Smart Choice MSA Storage

The perfect complement to HPE Smart Choice ProLiant Rack Servers

What is HPE MSA Storage?

HPE's industry-leading, entry-level shared storage solution providing simple, fast, and affordable storage for HPE ProLiant Servers for more than 28 years.

For more information regarding HPE MSA Storage, please visit the PSNow and the HPE MSA pages.

5 Reasons to choose HPE MSA Storage:

1. Intuitive MSA Storage Management Utility simplifying setup and maintenance.
2. Hybrid-Flash and all-flash bundles provide multiple low-cost SAN starting points.
3. Hands-free automated data tiering that continually optimizes storage performance.
4. HPE MSA Health Check maintenance tool available at no cost to all MSA customers.
5. Advanced MSA-DP+ data protection technology substantially reduces data rebuild times by as much as 25X when compared to traditional RAID.

Now Introducing HPE MSA Gen7 Storage

Only available in iQuote or contact your preferred Distributor

Simple, high-performance, low-cost shared storage that delivers application acceleration across all server workloads

With over 600,000 storage arrays sold, MSA continues to deliver on its promise of simple, fast, and affordable storage for SMB customers. The MSA Gen7 storage array sets a new standard for entry-level shared storage by providing an affordable path to high-performance storage without compromising on the simplicity and reliability that its customers depend on. The MSA Gen7 array portfolio delivers up to 2X more system performance while supporting user scalability beyond 7 PB per array with new high-capacity media options. New Gen7 innovations supporting online system and media firmware updates, as well as simpler and faster access to the HPE MSA Health Check tool, reduce the complexity and time required for routine system maintenance.

HPE MSA Gen7 Smart Choice Models

All-flash, high-performance MSA Gen7 Storage Arrays available at HPE's best price with guaranteed fastest delivery.

Great opportunities to earn big Engage & Grow incentives selling MSA Gen7 Smart Choice bundles

HPE authorized resellers can earn valuable Engage & Grow rewards by selling HPE MSA Storage Smart Choice solutions through the following programs:

1. Earn 300 points for each HPE MSA Gen7 Smart Choice bundle sold.
2. Earn an additional 50 points for each HPE MSA Gen7 Smart Choice bundle sold with a qualified HPE ProLiant Server in a single transaction.

HPE MSA Storage offers reward incentives covering most MSA Gen6 and Gen7 Storage Systems.

Visit the official [HPE Engage & Grow incentive page](#) for further details.

HPE MSA Flash Bundle Capacity Expansion

Expand the storage capacity of your MSA Gen7 all-flash arrays with these 6-Pack SSD option bundles
